Size: 9.89 Mb

Excerpt from Building Construction, Vol. 1: Showing the Employment of Brickwork and Masonry in the Practical Construction of Buildings; Text. Mentions are based. While, therefore, its letterpress descriptive matter will be found as full as the plan of the work and the space at command admits of, a glance at its pages will show that this also is the characteristic of its illustrations. More, indeed, may be said than this for the diagrams in wood alone, independently altogether of the accompanying volume of plates, are numerous to an extent seldom seen in works of the class. From this point of view, indeed, it may be said to stand alone in this class of literature which is mainly addressed to students of the practical arts, or to those students who, without intending to carry out practically any of its departments, may have a desire to become acquainted with the subjects in a general way. This profuseness of illustration is designed, however, to serve highly important ends. About the publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
