

Download Geometrical Drawing for Carpentry and Joinery John J. O'Connor

Author: John J. O'Connor
Pages: 176 pages
ISBN: 9780717144488
Format: PDF
Size: 13.41 Mb

This new text provides comprehensive coverage of geometrical drawing for apprentices of Carpentry & Joinery.

- * Devised specifically for Phases 4 & 6 of FAS apprenticeships in Carpentry & Joinery
- * Written in a clear and accessible style
- * Over 250 detailed drawings throughout
- * Each chapter provides sample questions and solutions to aid learning
- * Will also complement the practical element of apprenticeships, and is a useful reference book for those already qualified in the trade
- * Accompanied by a website for lecturers, which provides additional geometrical drawings in colour
