Excerpt from How to Do Architectural Drawing: A d104 Book and Practical Guide for Students in Architectural Draftmanship The mission of this book is to teach how to draw; Not all there is to know about drawing, but things the begin N ER should know at the beginning. Most of the things that the beginner does not need at the start have been purposely omitted; however, the student who aspires to higher work and is in need of fuller information will find what he should have in books which are to follow this in publication. See After word at end of this book. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
